First Time Travelling on a Train!

I am excited that you and Brenda are coming to Middlesbrough to visit us. I know that this is the first time you will be using a train, so I will tell you exactly what to do. I have just checked the train timetable for next Monday, and I have found a train from London to Newcastle which will take about three and a half hours. The express train leaves King's Cross platform 4 at 10:30 in the morning and arrives at Newcastle at around 1:30. You then have to take another train from Newcastle to Middlesbrough. You have to stand at platform 2 and take the 2:00 o'clock train, which will take an hour and twenty minutes. It is always a good idea to buy your tickets online because it is a bit cheaper, the fare on that day for a return ticket is £110. Don't forget to leave your house in good enough time to get to the railway station or else you will miss your train. Once you are on the train, leave your big suitcase in the luggage hold and have your e-tickets ready for the ticket inspector to see. If you

feel hungry on the way, your train has a buffet car where you can have something nice to eat. Enjoy the beautiful countryside scenery on the way, and you will be going through several long dark tunnels which are very exciting. I wish you a beautiful journey, and I will be waiting for you at Middlesbrough railway station just before three o'clock. We will go straight to Nando's for late lunch with Sarah, Jo and Lilly.

- ☐ 1. They will be travelling at the weekend.
- ☐ 2. They have to take two trains to get to Middlesbrough.
- ☐ 3. There isn't any food on the train.
- ☐ 4. The train will be going through tunnels.
- ☐ 5. They are arriving in Middlesbrough after three o'clock.

Travelling

Travel is something which people do almost every day. It is very difficult to avoid the need to travel. It may be a trip to school, university or to work. Travelling can often take a long time, especially when great distances need to be covered. People often enjoy travelling abroad for holidays. But for some people travelling is not fun at all. Some people suffer from travel sickness. This means that they will become very unwell each time they travel.

Travelling can be either affordable or costly. It often depends on how far you want to travel and the choice of transport. Using a bicycle will not cost anything as you power it by using your legs. However, the use of a bicycle can be hard work and can take a lot of time to travel long distances. Cars and motorcycles are faster modes of transport, but are more expensive to use as gasoline is needed for them to work. It can usually be assumed that the longer you wish to travel, the more expensive and time-consuming it will be.

The use of a plane is necessary for people wanting to travel very long distances. A pilot will fly a plane from an airport for many thousands of miles to take people to places far away. Although traffic is rarely a problem for airplanes, it can take a lot of preparation to travel by plane. People often need to arrive at the airport three hours prior to departure.

A train is another mode of transport which is ideal for travelling long distances within the same country, or between countries which are connected by land. A train driver will stop at train stations on route to allow passengers wishing to proceed to the scheduled destination to board the train.

A number of destinations can be travelled to by using the sea. People often depart from a harbour in a ferry which is driven by a captain. If the journey is a long distance, people may choose to sleep on the ferry while they wait to arrive at their destination. Some people choose to go on a cruise for their holiday, which would involve stopping at many different city ports for a short amount of time. People who need to travel short distances may choose not to use any transport at all. People often rely on their legs to take them to places nearby. This is often encouraged as certain modes of transport have been said to produce harmful emissions and damage the environment.
